**Subject:** Dimock

Dear Ms. Taylor,

I have a few questions about the results of the portion of the Dimock water test results that were released on March 15.  
Are the tests of the first 11 samples complete?  
Were all possible gas drilling related substances tested for?  
Were all possible NORMs tested for?  
Where can we obtain a copy of the test results report? If there is public access please point me in the right direction, if the report must be requested by FOIL please let me know.

Thank you,

Jill Wiener
